Care...at its best

3rd Annual Family Health Expo

Memorial Medical Center is collaborating with the dental office of Dr. John Scaletta and Foster Primary Eye Care to host the 3rd annual Family Health Expo. The event features free and significantly reduced-price health care screenings on Saturday, October 24th from 8am-12pm at Memorial Medical Center in Neillsville.

“There are many people who don’t seek out health care because they don’t have insurance or can’t afford the deductible,” said Scott Polenz, CEO of Memorial Medical Center. “With Expo, every physician and employee volunteers their time, so we can dramatically cut the prices and make health care more accessible.”

Numerous free health screenings will be available, including colon cancer, breast, prostate, vision, hearing, dental, and more. Screenings will be available on a first-come, first-serve basis. In addition, there will be \$50 comprehensive lab tests available, which typically cost hundreds of dollars. Labs include blood sugar, cholesterol, anemia, thyroid function, liver function, kidney function, and PSA.

The Expo also offers a limited number of “packages”: full-physical screening plus comprehensive lab tests for \$50.00. Appointments are scheduled for package purchases, and are available to the first 48 individuals who request them.

Women have the opportunity to schedule appointments for \$100 mammograms. They must have the free breast exam at the Expo before scheduling the mammogram appointment.

New this year, influenza vaccinations will be offered for \$20.

Individuals interested in any services are encouraged to call Lora Wagner at 743-8455.
